SUMMARY

Under the patronage of H.H General Sheikh Mohammed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi and Deputy Supreme Commander of the UAE Armed Forces, ***International Security and National Resilience Exhibition & Conference Abu Dhabi 2010*** –ISNR Abu Dhabi 2010- commenced its second edition on the 1st of March, 2010 at the Abu Dhabi National Exhibition Centre.

ISNR Abu Dhabi achieved a total number of 218 International and national exhibitors from 24 countries showcasing their company profiles and services and covering a gross area of 15,800 sqm. ISNR hosted a total number of 8,747 attendees that consisted of national and international visitors coming from 59 different countries. Moreover, ISNR attracted 58 official delegates from 12 countries including Bahrain, Bosnia and Herzegovina, Italy, Kingdom of Bahrain, Kuwait, Morocco, Republic of Yemen, Saudi Arabia, Sudan, Sultanate of Oman, Turkey & Uzbekistan.

During the high level conference, 38 key speakers tackled crucial topics concerning the industry. The three day conference was divided into 9 sessions and hosted a total number of 1,367 attendees.

ISNR Abu Dhabi media exposure; 207 media members representing 50 media houses from UAE & the region covering every aspect of the 3 day event. Moreover, ISNR achieved worldwide media coverage with main emphasis on GCC & Arab regions.

Reed Exhibitions has developed a 48% increase in exhibitors participation compared to 2008 edition. This is due to the sector's estimated growth of over 50%, to reach AED 11.8 billion in 2013, the organizers are very optimistic regarding the event's growth success in UAE's growing market.

According to surveys conducted by Reed Exhibitions 93% of the visitors were satisfied with ISNR 2010 edition. Moreover exhibitors' satisfaction reached 73% in 2010 edition, 78 % of the exhibitors have shown interest in ISNR Abu Dhabi upcoming edition in 2012,

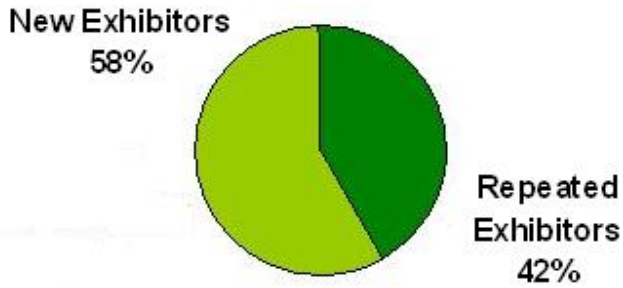

ISNR Abu Dhabi is held in association with the UAE Ministry of Interior and sponsored by Critical National Infrastructure Authority, Northrop Grumman- Strategic Partners, Telecommunication Regulatory Authority and Advanced Integrated Systems as official sponsors and Abu Dhabi Airport Company as Co-sponsor.

ISNR Abu Dhabi, ***the definitive event for Homeland Security and Resilience in the Middle East***, the only event that brings together the entire spectrum of homeland security under one roof. ISNR provides the best solutions for public sector, private sector and civilian entities to detect, prevent, protect, respond to and recover from any threats of natural and manmade disasters, be it small in proportion or catastrophic.

Industry Leaders in Security Technology to Take Part in ISNR Exhibition, Conference

T. Ramavarman

ABU DHABI — About 220 leading security personalities at the local, regional, global levels from 24 countries are showcasing their latest equipment and systems at the second edition of the International Security National Resilience 2010 exhibition and conference beginning today at the Abu Dhabi National Exhibition Centre.

Organised by the Ministry of Interior in cooperation with Reed Exhibitions, the event, known as ISNR, serves as a global platform focusing on the challenges faced by governments and the private sector in the region in upholding homeland security.

Other related issues like security information, threat evaluation, border security, transport, counter terrorism activities, protection of vital infrastructure, crisis management and equipment used in emergency situations and the ways to respond to crises, will also be in focus of three-day event, said General Major Matar S. bin Mesayed Al Neyadi, General Director of E-Services and Telecom and Chairman of the Supreme Organising Committee of ISNR.

Lieutenant General Shaikh Saif Bin Zayed Al Nahyan, Deputy Prime Minister and Minister of Interior, will inaugurate the biennial event which will have special sessions on homeland security organised on its sidelines. The

conference will also host workshops to identify global best practices in dealing with security challenges.

Security information and its evaluation, borders and transports security, infrastructure protection, traffic safety, crisis and disasters and response requirements, counter terrorism, environment and energy crimes and means of communicating crimes will be some of the specific topics to be discussed at the event.

Frederic Theux, President of Reed Exhibitions Middle East, said that this year's ISNR has unprecedented international presence, adding to the international dimension of the show and its growing importance globally. Countries such as Germany, the United Kingdom, Taiwan, Switzerland and the United States will have official pavilions at the event hosting leading security players showcasing their latest products and solutions.

Global technology leaders in resilience, security and transportation markets, EADS, L3, Northrop Grumman, Sagem Securite, AS&E and Thales will be among the exhibitors.

Quantar Solutions will be showcasing Network Operational Risk Manager, capable of establishing a true sectoral or country-wide threat and risk management database. Quantar Director Dr Philippe Evrard described the event as a perfect platform to highlight his company.

"We see the Middle East as an emerging market for our type of risk management products, given the recent focus on developing the banking and financial services markets," he said.

"We are also looking to offer advice to regulatory bodies and audit organisations on the best way to leverage the opportunities of a major financial services sector within the region from a network risk management perspective."

Smiths Detection will exhibit technologically advanced security systems to detect and identify explosives, chemical and biological agents, weapons and contraband.

"The ISNR trade show will be a great opportunity for Future Fibre Technologies (or FFT), a specialist in fibre optic intruder detection and location systems, to demonstrate its state-of-the-art intrusion detection systems and to establish business networks with those responsible for security in the region," said FFT CEO Rob Broomfield.

"The conference will include sessions where experts from the US Police Department, US Transportation Security Administration, European Parliament, Europol, French High Committee for Civil Defense, and Spanish Ministry of Interior, will speak on their specific areas of expertise," added Brigadier Saeed Salem Al Hanki, Chief of the Police Judicial Council.
