2022 TRANSFORMATION

The 2022 edition of the International Exhibition for National Security and Resilience (ISNR Abu Dhabi 2022) in association with the UAE Ministry of Interior consolidates its status as the leading regional forum dedicated to national security and cyber security.

Responding to evolving threats in the region and beyond and reflecting the priorities of the UAE Strategy for Artificial Intelligence and Cyber Security, ISNR Abu Dhabi 2022 placed special emphasis on current and emerging cyber threats and the high-tech security potential of digital transformation.

Hosting this important international event aligns with the UAE's ongoing efforts to enhance cooperation and promote international best practices to improve the quality of life of societies and promote their safety and stability

H.E. Major General Dr Ahmed Nasser Al Raisi
Inspector-General of the Ministry of Interior and Chairman of the Higher Organising Committee of ISNR Abu Dhabi 2022

We are honoured to be a part of ISNR Abu Dhabi 2022 to support efforts to strengthen Abu Dhabi's standing as a global hub for attracting global decision-makers and experts in the fields of national security and resilience and consolidating the event's standing as the most prominent international exhibition specialising in this vital field.

This international event represents an exceptional opportunity to discover new solutions and highlights the role of the Abu Dhabi Police in creating an innovative and safe city, through the implementation of cutting-edge technology and the latest developments in robotics and AI

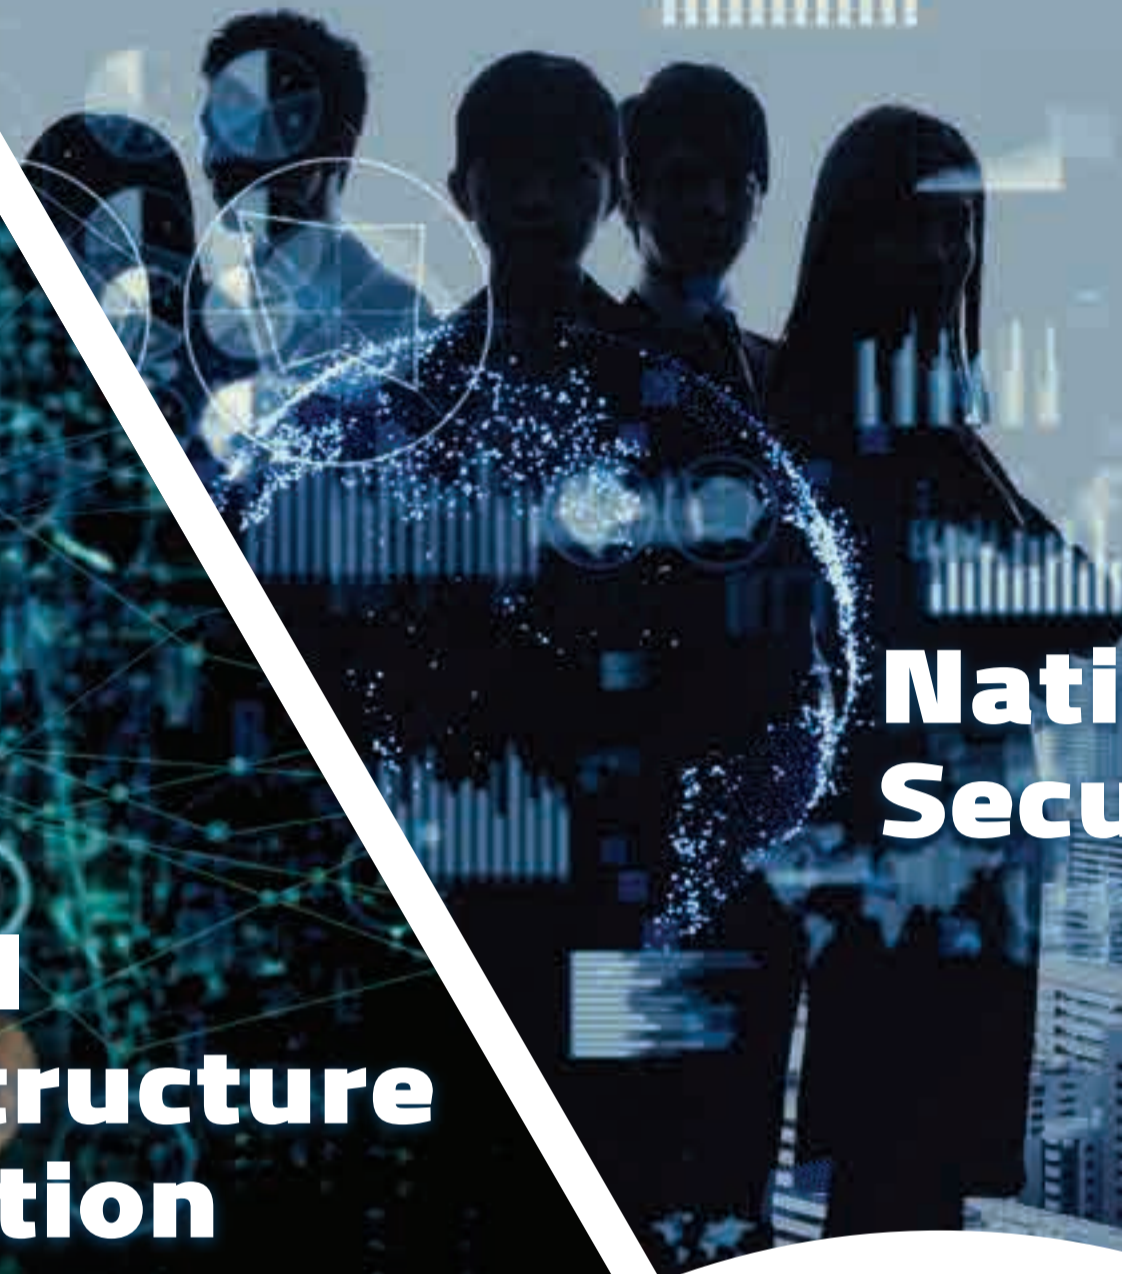

Major General Eng. Nasir Sultan Al-Yabhouni
Director of GHQ Affairs Sector - Abu Dhabi Police

ISNR Abu Dhabi 2022 is an ideal platform that supports local and international stakeholders, as well as exhibitors and participants who can benefit from gaining considerable industry knowledge and expanding their global business network
